

Q#1 We do not have a large Chinese community in our Ward, however, I walked the beat on Somerset/Bronson for years when I joined the Ottawa Police Force. I know that many new Canadians are afraid of the Police, but when they get to know you, they are very friendly and trusting. I would simply ask them how we can help, and make arrangements to have classes so that they get to know the basics. It is also important that they socialize with other Canadians....on a daily basis if possible....

Q#2 We do not have any buses in rural.

Q#3 This is a very hard question to answer because the company has a licence, and it is a legal activity. As a councillor, I don't think there is much I can do, but if I make sure I am available for any ideas that folks have, it would be my privilege to help implement them.

Q#4 I have had occasion to get to know the Chinese folks at the Restaurant at Somerset and Bronson. I tried to encourage "Will" to run for council in that area. I was the first person to sign his nomination form, but he decided the timing was not right for him to attempt this endeavour. I would encourage any Chinese person to run for council.

Q#5 This is a question for the councillor of that particular ward. I understand the question, and would certainly support any ideas that folks in the area may have.
